

TOP TIPS FROM THE FIRST NATIONS FOUNDATION

"You can open a bank account online or going into a branch.

You can look on [finder.com.au](https://www.finder.com.au) for the best offers and interest rates, especially if you're opening a savings account. Again, read the terms and conditions as there may be a minimum amount of money you'll need to deposit each month to receive the benefits. (Don't forget you will need to provide 100 points of valid identification)."
